

ALL SHEDS

PRODUCT GUIDE

EDITION 2

FULL CONSULTATION, DESIGN, PERMIT & INSTALLATION SERVICE

All Sheds is a family owned and operated business based in Shepparton, Victoria. We have constructed and installed an array of garages, sheds, pergolas, barns, machinery sheds and garden sheds around regional Victoria and southern New South Wales for over 30 years.

The team at All Sheds offer a complete planning, design, permit, supply and installation service for anyone requiring a new shed or garage structure, which covers everything from shed kits, erections and concrete floors as well as any additional features you may be after.

We also offer a kit only option for those who have the resources to install themselves.

Our services also include free consultations either at our head office or on-site and free, no strings attached quotes.

With well over 5000 successful shed and garage installations across an area that includes Echuca, Nathalia, Wangaratta, Nagambie, Euroa, Benalla, Bendigo, Yarrawonga, Seymour and everywhere in-between we strive to give our clients 100% satisfaction.

We have recently introduced finance options, making your new shed or garage within hands reach. So why not call us today and discuss your next project with one of our consultants?

ALL SHEDS IS THERE FOR YOU EVERY STEP OF THE WAY, FROM START TO FINISH.

Your successful shed project is our absolute priority. We ensure that we guide you through the process and we are always on hand to assist you with your queries. Our commitment to service and completing your project to a high standard is what sets us apart.

WHY ALL SHEDS?

RANGE

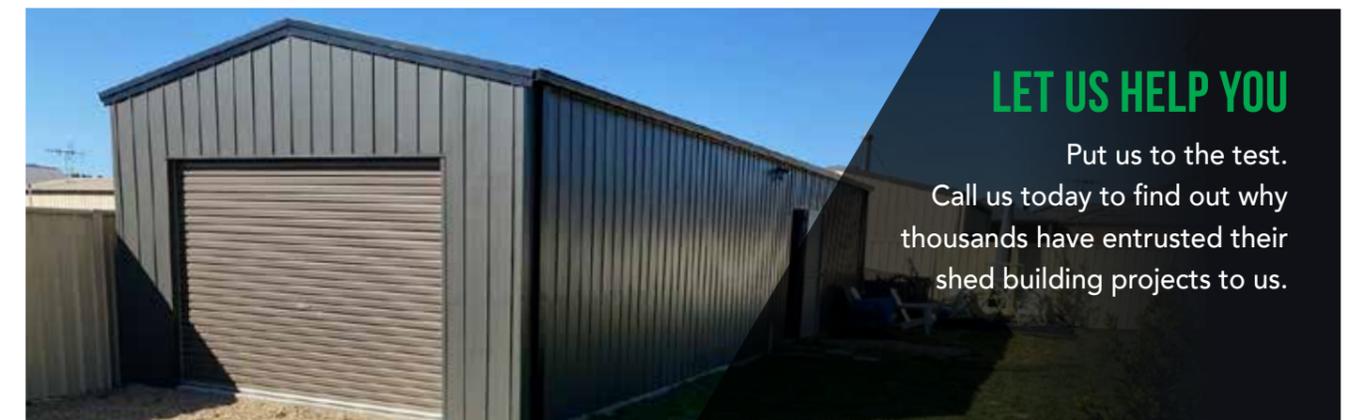

We've got you covered with the largest range of products. With everything from patios to machinery sheds. We also provide a custom built service to build exactly what you require if it's not available in our standard range!

EXPERIENCE

For over 30 years we have successfully fulfilled the needs of our customers. The same family who founded this business in the 1980's have owned and solely operated it.

REGISTERED BUILDING PRACTITIONERS

A very important fact to know is that we are Registered Building Practitioners, giving you peace of mind when entrusting All Sheds with your building project.

LET US HELP YOU

Put us to the test. Call us today to find out why thousands have entrusted their shed building projects to us.

SHEDS & GARAGES

#01 Pictured: 32.8mL x 8mW x 3.6mH
Features: Sliding doors, roller doors, whirly birds

Our range of sheds and garages are suitable for a wide variety of uses; from car, boat and caravan storage to general household storage and workshops.

All our sheds are fully customisable to have bay sizes to suit any door placement and different roof pitch options to suit all of your needs.

We offer a wide range of Colorbond colours, or zincalume finish with additional extras available. Our frame options range from low to premium in cost, depending on your budget and requirements.

This ensures that we can create a shed to suit your exact needs.

FEATURES

- Multiple roof pitches available
- Efficient and cost effective design
- Large range of frame options
- Customisable to suit your needs
- Wide range of colours available
- Large range of accessories available

CARPORTS & GARAPORTS

#08 Pictured: 9mL x 6mL x 2.4mH
Features: Open bay, roller & sliding door, windows

The addition of a carport or garaport to your property can add to the value of your home and also extend your living space.

Often less expensive than a home extension, with more flexibility. With home buyers looking more and more for quality outdoor structures that extend into prospective living areas, it makes sense to invest in one now.

Our range of framing options means you get best quality structure that aligns with your budget. Our Colorbond colour options can match the colour of your home roof or existing fencing, for a premium look and feel.

FEATURES

- Adds value to your home
- Can be custom designed to suit your needs
- Protects your vehicles from the elements
- Strong steel frame construction
- Wide range of colours available
- Multiple roof pitches available
- Large range of accessories available

STRATCO PATIOS & PERGOLAS

#15 PAVILION SLIQUE

Pictured: 5.42mL x 5.42mW x 3mH

Our Stratco patios and pergolas are an easy way to extend your living space into the outdoors and create an all-weather outdoor entertaining area. Adding a patio or pergola is often less expensive than a house extension and a great way to add style and value to your home.

Designed with customisation in mind, allowing you to create a patio or pergola that suits your exact requirements. Stratco patios and pergolas have smart design features that help to enhance your outdoor structure, including enclosed beams that deter pests and fewer visible screws, architecturally designed gutters and many other customisable options.

FEATURES

- Extends your living space into the outdoors
- Premium finish
- Customisable to suit your exact requirements
- Wide range of colours available
- Large range of accessories available

GARDEN SHEDS

#22
Pictured: Gable Roof Garden Shed

Our range of garden sheds are a simple way to help keep your backyard neat and tidy. A garden shed can give all your outdoor tools and equipment a place to be stored and kept safe, leaving your yard clutter-free.

If you only have a small space, a garden shed is a perfect option as it can easily fit into a tight space and still give you the storage you need.

Whether it's for your garden tools or your bbq equipment, our garden sheds are a versatile option that can be used to store anything you need.

FEATURES

- Gives you a clutter-free backyard
- Keeps all your tools and equipment safe
- Easily fits into tight spaces
- Custom size, design and dimensions to suit your needs
- Wide range of colours available
- Large range of accessories available

Widths (Skillion): 0.58m | 1.58m | 2.35m

Heights (Highest/Shortest): 1.95m / 1.80m

FLAT ROOF GARDEN SHEDS

For those customers who are tight on room, our Flat Roof Shed offers the most space efficient DIY storage solution yet.

Lengths (Front): 1.58m | 2.35m | 3.12m | 3.89m | 4.66m | 5.43m | 6.20m | 6.97m | 7.74m

Widths (Side): 0.81m | 1.58m

Heights: 1.80m

#25 FLAT ROOF

BARNs

#26
Pictured: 20mL x 14mW x 3mH (wall height)

Why not take your shed to the next level and invest in a large, roomy utility shed with some style?

A barn is perfect for any rural setting and can be used for many applications including workshops, large storage areas and are also a perfect setting for horse stables.

The distinctive barn roof line lends itself to additional height and width, allowing for much more vertical storage space. Perhaps even add a mezzanine floor addition for extra storage capacity.

Most barns are custom designed and have many options available.

FEATURES

- Attractive traditional design
- Combines three sheds under one roof
- Ideal for horse stables
- Large range of frame options
- Custom design and dimensions to suit your needs
- Wide range of colours available
- Large range of accessories available

FARM, HAY & MACHINERY SHEDS

#33
Pictured: 20mL x 8mW x 3mH

A simple 'lean-to' type farm shed may be all you need to hold your grain or perhaps it's a large farm shed to give you that extra width to store your machinery. Either way, All Sheds has the farm shed solution to meet your needs.

Economically priced, manufactured from Australian made Bluescope steel and built to last, providing protection against the harsh Australian elements, our farm sheds, hay sheds and machinery sheds are second to none.

We've been supplying and installing sheds on rural properties for over 30 years and strive to give you 100% satisfaction.

FEATURES

- Multiple roof pitches available
- Protects your assets from the elements
- Large range of frame options
- Custom design and dimensions to suit your needs
- Wide range of colours available

COMMERCIAL

#40
Largest: 12.4mL x 10m + 6mW lean to x 4.8mH

Our commercial sheds are a durable, low-maintenance option suitable for various applications.

Our range of commercial sheds are suitable for anything from industrial sheds to covered outdoor learning areas, public cover areas and even aircraft hangars.

The all steel construction allows the structure to be more resistant to the weather, increasing its lifespan and helping to reduce the maintenance and upkeep required compared to a traditional building.

Whatever your need, All Sheds can help.

FEATURES

- Suitable for a range of varied uses
- Large range of frame options
- Custom design and dimensions to suit your needs
- Wide range of colours available
- Large range of accessories available
- Durable and low maintenance
- All steel construction
