# PROACTIVELY HIGHLIGHT PAYMENT PLAN

Prospective clients browsing your website want to know what options you provide including payment options.

## A Handypay Website page will allow your clients to

Understand details of the Handypay option including how it works, who can apply and how to get started.

Apply for finance directly through your website

Quickly and conveniently organise the finance to fund their chosen project through your business.

## FINANCE AVAILABLE

Customers now more than ever are after options for payment and price is usually one of the biggest pain points for a customer.

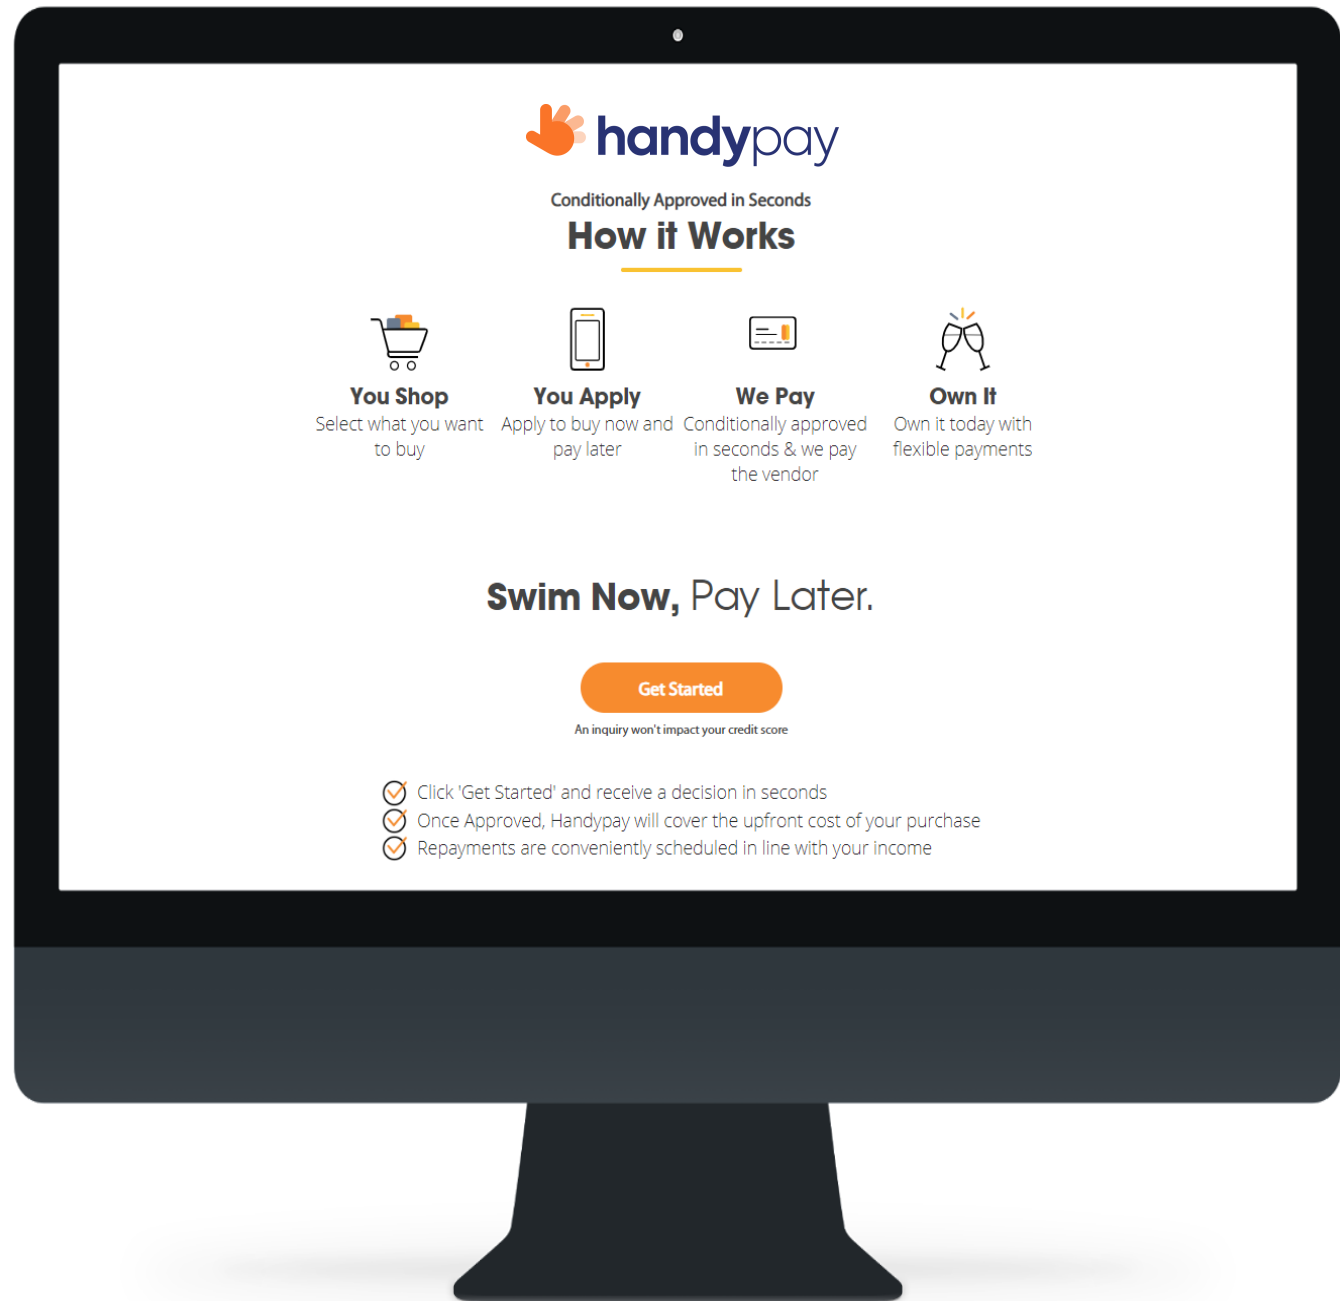

Having a payment plan page where your clients can see what options your business provides for payment will have a positive impact to sales and customer satisfaction.

## GET STARTED APPLY NOW

The customer likes the sound of financing their purchase?

They can simply click the “Get Started” button on your website page, which will take them to the start of the simple 5 minute application process. Handypay takes care of everything from there.

# SIMPLE IMPLEMENTATION
